

SAVIOR, KING, & FRIEND SONG LYRICS

Verse 1

God loves you
That's where it begins
Before we go further, let that sink in
The creator of all
Endless power to use
Knows you and loves you
And that's good news

Pre-Chorus

But how does He love?
And how can we love?

Chorus 1

Savior, King, and Friend
Forgiver and provider through thick and thin
Savior, King, and Friend
Sacrifice and leader, always listenin'
That's how He loves
God always loves
As your Savior, King, and Friend

Verse 2

What do we do
When we know the truth
That God is a lover of me and you
How do we respond? How do we react?
We've got some love to give
That is a fact

Pre-Chorus

But how does He love?
And how can we love?

Chorus 2

Savior, King, and Friend
Forgive, obey, and we listen
Savior, King, and Friend
Share the love, be humble, and live like Him
That's how we love
We were made to love
Our Savior, King, and Friend

Pre-Chorus

But how does He love?
And how can we love?

Chorus 1

Savior, King, and Friend
Forgiver and provider through thick and thin
Savior, King, and Friend
Sacrifice and leader, always listenin'
That's how he loves
God always loves

Chorus 2

Savior, King, and Friend
Forgive, obey, and we listen
Savior, King, and Friend
Share the love, be humble, and live like Him
That's how we love
We were made to love
Our Savior, King, and Friend
