

# THE COME ALONG SONG LYRICS

Eureka! Jr.

## Verse

One, two, three, come along with me  
It's time to explore the Bible, come and see  
Jump into God's big story with Scout and me  
We'll make discoveries

Now put your hands up, put your hands down  
Put 'em on your head, touch 'em to the ground  
Shuffle to the side, spin and make a sound  
Now your wiggles are out, and it's time to gather round

One, two, three, come along with me  
It's time to explore the Bible, come and see  
Jump into God's big story with Scout and me  
We'll make discoveries

## Bridge

From Genesis to Malachi, Matthew to Revelation  
We belong to God; we are His creation!

\*Repeat verse

We'll make discoveries
